New Tyre Collection Procedure

Please be advised that a new procedure regarding tyre collection will be implemented with immediate effect.

When tyres are fitted for the first time, the mechanic will be issued with a **Tyre Card**. This card will display the competitor's **Class** and **Race Number**.

This Tyre Card MUST be presented to the officials in Parc Fermé when collecting race tyres.

Competitors and mechanics should note the following:

- No Tyre Card = No Tyres.
- Officials will only issue race tyres upon presentation of the correct Tyre Card.
- It is the responsibility of the competitor and/or mechanic to ensure the Tyre Card is brought to Parc Fermé when collecting tyres.
- Lost or forgotten cards will incur a £5 reprinting charge and may result in delays and the inability to collect tyres until the matter is resolved.

All teams and competitors are requested to ensure they are familiar with and comply with this procedure.
